

2009-10 Hair Approval Contract

All Cheerleaders now have the choice of either choosing to wear the approved fake hair or doing their natural hair in an approved style. There is a defined process that must be followed in order to have the privilege of not having to wear fake hair. Until the process is complete, the fake hair must be worn by the cheerleader at all competitions.

In order to earn the privilege of not wearing fake hair, the following steps must be taken and followed:

1. A signed agreement must exist between the cheerleader, parent and Coach Jennifer.
2. The signed agreement must indicate that the cheerleader has presented herself to Coach Jennifer with perfect, competition ready hair (with a competition style bow) and that Coach Jennifer has approved the hairstyle.
3. This agreement will be kept on file. Any cheerleader that does not get their hair approved will be required to wear fake hair until approved.
4. A ready to use, color-matched, FCA style hairpiece in good condition must be carried in the cheerleader's bag to all competitions.
5. If the cheerleader's hair grows out or is cut and can no longer meet the requirements of the approved style, this agreement becomes void and a new agreement must be created. Until that agreement is created, the cheerleader must wear fake hair to all competitions.

If at any competition, the hairstyle is not considered to be done to the standards necessary for 'competition hair', the cheerleader will be asked to put in their fake hair immediately and may also lose the privilege of not having to wear the fake hair.

Individuals who do not comply with appearing at competition with their hair done to the approved standards may not get a second chance.

Not all individuals that appear at practice requesting a signature will receive one. Only individuals with picture perfect competition hair will receive approval. However, individuals not receiving approval will receive feedback from Coach Jennifer regarding why their hair did not pass and suggestions on how it can be changed.

This is a purely OPTIONAL item and any individual can choose to wear fake hair for all competitions. Additionally, any individuals that receive approval not to wear hair can also choose to wear the fake hair for any competition.

I _____ (cheerleader name) understand the above requirements and are willing to follow them in order to not be required to wear fake hair to competitions.

Date of Inspection and Approval: _____ Coach Signature: _____

Date _____ Cheerleader Signature: _____

Date _____ Parent Signature: _____
